Energy Optimization: a Strategic Key Factor for Firms

Stefano De Falco
*School of Sciences and Technologies
University of Naples
Italy*

Retraction to: De Falco S. Energy optimization: a strategic key factor for firms. In: Kini PG, Bansal RC, editors. Energy Management Systems. Rijeka: InTech; 2011. pp. 55–84. DOI: 10.5772/17382

The publisher is retracting and removing the above book chapter following a reader's report of significant overlap between Section 5 of the above chapter and a previously published conference paper authored by Erminia Attaianese [1].

Upon confirming the reader's allegations by comparing the two works, it was determined that the degree of overlap was significant enough for the offending book chapter to be retracted and removed, as according to current publishing ethics conventions.
